**Re: GN Docket No. 12-354**

Dear Ms. Dortch

On February 13<sup>th</sup>, 2013, Ed Thomas and Peter Stanforth of Spectrum Bridge, and Robert Schneider and David Reed of the DOD met with the following FCC personnel to demonstrate how the technology employed in TVWS solutions can form the basis of a Spectrum Management system for sharing government spectrum. Spectrum Bridge shared that there is wide industry interest in developing working relationships with the DOD and other government spectrum users with the objective of setting up one or more test-beds to investigate sharing technologies and processes.

FCC participants:

Julius Knapp, Alan Stillwell, Navid Golshahi, Mark Settle, Bob, Pavlak, Paul Powell, Brian Regan, John Leibovitz.

Sincerely

*/s/ Peter Stanforth*
